

Arise my soul and lift your Saviour high
Cast aside all fear, behold the light
Arise my brothers, sisters we must stand
For righteousness and justice in this land

Lift Him up, lift Him up
Lift Him up, lift Him up
Lift Him up, lift Him up
Jesus reigns

Arise oh church and run towards the prize
The upward call of God in Jesus Christ
Arise for in His strength we'll overcome
And claim His precious promises of love

Arise, arise! Your Saviour to proclaim
The gospel to the nations we must take
Arise in one accord in Jesus name
Let the shout of victory be made

We will arise, arise
We will arise, arise
