

## **As the deer pants for the water**

So my soul longs after You  
Like a swallow that's found it's home  
Lord I long to be found in You

Many trials will come  
And the earth will fail  
But I'll place my trust in You  
You're the song of hope in the darkest  
night  
You're the peace within the storm  
In You I'll stand

You're my rock  
When all around is sinking sand  
You're my rock  
The firm foundation of this house  
You're my rock
