

**There's a clear fountain flowing
Filled with streams of love and
grace
An abundance that can fill my
heart
And every tribe and race
O the cross of my redeemer
It's from there this river flows
What sacred love was shown**

**Never shall the cross forsake
me
So in confidence I come
Drawing near in full assurance
Covered by Your blood
O the cross of my redeemer
In it's shadow I will live
What sacred love You give**

**On Christ the solid rock I'm
standing
Firmly rooted in the Word
None shall ever separate me
From my Saviour's love
O the cross of my redeemer
It's my glory and my grace
Your sacred love, my peace**
